Dear Sirs,

Sub: Kosher Certification Jerusalem for Dairy and Non Dairy Products.

Ref:- Regulation 30 of the Securities Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015

Pursuant to Regulation 30 of the Securities Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015 ("the said regulation"), we hereby inform that our company Product has been certified under the **Orthodox Rabbinical Supervision of Kosher Certification Jerusalem**. Our Company Product has complied with the Law of Kashrut and are processed under Halacha Regulations. Kosher has roots in Hebrew signifying that which is fit or appropriate. In the current context the word kosher generally represents foods and beverages as being compliant with religious dietary laws of the Jews.

A food product or beverage can apply the kosher label if each ingredient used therein, food additives, colorants, preservatives, process; equipment's and methods are fully compliant with Kosher specifications. A kosher auditor approves the production process before the manufacturer can apply the Kosher logo. Laws are so strict that if equipment's used to manufacture non-kosher foods are used for kosher foods, then that specific food can no longer carry the kosher label.

This is for your information and record and inform Stakeholders accordingly.

Thanking you,

Your faithfully,

For, Shri Bajrang Alliance Limited

Nishant Agrawal
Company Secretary
